Let's Make Money Jars

Print, cut and wrap these labels around clear jars to help you with your saving, spending and giving goals.

The image shows three horizontal labels for money jars, each with a different background pattern and color. Each label features a central oval with a title and a descriptive sentence, and a logo in the bottom right corner.

- Saving:** Orange background with a grid of circles. The central oval contains the word "SAVING" in orange and the text "Use this money to save up for more expensive items or for your savings account".
- Spending:** Purple background with a grid of squares. The central oval contains the word "SPENDING" in purple and the text "Use this money for small items and fun treats just for you".
- Giving:** Teal background with a grid of hearts. The central oval contains the word "GIVING" in teal and the text "Use this money to give to a charity or use to help someone in need".

Each label also features the "IT'S A MONEY THING Junior" logo in the bottom right corner.

If you had \$10, how much would you put in each jar?
