

[00:00:02.890] - Speaker 1

Spending money. Guys, check it out. Look what I got for my birthday. Wow. \$50.

[00:00:14.440] - Speaker 2

What are you going to spend it on?

[00:00:16.190] - Speaker 1

Whoa. Is that even a question? You got to get a pair of air jumpers. They're so cool. I heard they could make you jump higher than a mountain.

[00:00:28.050] - Speaker 2

And all of the famous people wear them. At least in the commercials.

[00:00:36.290] - Speaker 1

Guys, are you okay? Erin? It's just you guys seemed so excited about the shoes, but I don't really want them.

[00:00:45.030] - Speaker 2

Well, that's okay. It's your money. You can spend it however you like.

[00:00:48.900] - Speaker 1

Choosing how to spend your money can be hard, especially with the influence of your friends or commercials or even celebrities. If I had an unlimited money machine, then, yeah, I'd get those shoes. But I can't have everything that I want. So I need to make sure that this \$50 goes to something that makes me happy. And for me, I think that's saving for a guitar cool.

[00:01:13.530] - Speaker 2

For me, it would be a video game. For me, it would be a pizza party.

[00:01:17.970] - Speaker 1

Yes, I still get the shoes. They're amazing. And that's okay. See, we're all different. And we spend money differently. So you won't be mad if I don't have cool shoes? Of course not. Huh? Oh, of course not. You're our friend, and we love you just the way shoes are. I mean, you are. People can't have everything they want, so they have to make choices about what goods and services they buy. What would you do with \$50?
